Dear Stuart,

Sorry it has taken us so long to thank you for the super session you held for the Service Users on Food Safety.

We ~~have~~ actually done a thorough evaluation of Service User and staff views, which we're sure you will agree, is extremely positive. (Please find enclosed.)

The session was informative, fun, furthermore pitched at the right level for ALL Service Users.

We really hope that you can use this session with other groups to raise their awareness of issues relating to food handling.

Once again, thank you for your hard work and valuable input.

Yours Sincerely,

Ann Winslett. R.N.M.H. Manager Uttoxeter Day Service.
